

EVE OF THE REPUBLICAN NATIONAL CONVENTION

PORT ARTHUR CONSIDERED TO BE IMPREGNABLE

DELEGATES TO REPUBLICAN NATIONAL CONVENTION ASSEMBLING.

Unanimity As to First and Second Places on Ticket Deprives Gathering of Old-Time Picturesqueness and Intensity.

CHICAGO, June 20.—Firemen trains today brought in the delegates and the ranks of party men. With the arrival of delegates were eliminated all obstacles to the holding of caucus. State headquarters were sought and the program of the day was ascertained. It developed that most of the caucuses would be held late in the day or tonight, and nothing remained to the new comers but to take their places in the hotel lobbies and discuss the absence of contest, the inactivity of delegates and the small attendance.

OLD SCENES MISSING
Fox hung over the city at dawn but this was dissipated by the sun which drove back the clouds and left a cheerful day. It is a day which would draw the crowds to the open lobbies and the sidewalks without even the game of politics for a magnet. But despite all this the picture is not yet recognizable as a true convention scene. In the corridors of the principal hotels where the States have established headquarters, as in the case of the buzz of conversation proceeding from council behind closed doors. Few groups of prominent national figures and one hears a laugh which follows a story well told. The latter absence of sharp political work is no certain and forces the realization that everything is fixed.

One of the absentees is the man who has attended every Republican Convention since Lincoln, was nominated but that it is only no illustration of the quietness of the convention eve.

FAIRBANKS SILENCE
Some importance is attached to a desultory discussion of Senator Fairbanks probable reasons for declining to talk about the Vice Presidency and of his reluctance. Were it not for the gossip he has furnished and the little flurry raised by the possibility of tariff revision and reciprocity, nothing in the resolutions in a form obnoxious to Stand-patters politics would be a dead letter in the Republican convention.

CALIFORNIA DELEGATES SELECT THEIR LEADERS.

The California delegation is the only one of the Pacific Coast representatives to meet and organize. J. W. McKinley was made chairman and the following committee assignment agreed upon:
Credentials—GEORGE W. REED
Rules—A. RUEF
Permanent Organization—C. E. CLINCH
Resolutions—F. H. SHORT
National Committee—GEORGE A. KNIGHT
Committee to Notify the President—GOVERNOR PARDEE

tion this year. Though most of the States will caucus today and the convention begins tomorrow, the hotels are not crowded. They are not even well filled.

OLD CUSTOMS NOT NEEDED.
With no contest for first place on the ticket and apparently none for the second, no occasion exists for marching clubs of enthusiastic shouting thousands with bands and no excitement of a convention. They are not needed and they are not here. One square from the like front hotels the only sign of a convention is a struggle of an adventurous turn who is known as a delegate by the badge pinned to his lapel.

Among the arrivals were twenty-four delegates from Kings County, New York, including ex-Lieut. Governor Timothy L. Woodruff. Two hundred and fifty members of the Young Men's Blaine Club of Cincinnati accompanied by a band of fifty pieces, a so-called band and with them was Senator Dorr of Iowa, also came.

In during the forenoon and joined his numerous colleagues of the upper house which is more generally represented than at any other convention in years.

CAN'T SMOKE OUT FAIRBANKS
As the day advanced it became evident that the effort to "smoke out" Senator Fairbanks would not stand. The Senator remained silent but through his friend, reiterated his position which is that the office of Vice-president is not one to be sought yet cannot be declined by any man nominated for it.

New York has decided to name tonight the following members of committees:
Chairman of Delegation—T. C. Platt
Committee on Resolutions—Edward Lauterbach
Organization—Timothy L. Woodruff
Notification of President—Chauncey M. Depew
Member of National Committee—William L. Ward

The delegation will endorse the present tariff plank.
The anti-Addicks delegation from Delaware has determined to carry its fight for seats in the Convention to the Committee on Credentials. The delegation met today elected Senator L. H. Bait chairman and made a slate for the various positions.

NATIONAL COMMITTEE.
The present National Committee met today for the last time finished the few details and left for good.
When members met today Senator Scott of West Virginia took the chair. Senator McComas of Maryland at once introduced a resolution providing that a ting chairman Henry C. Payne be made chairman for the remaining time the committee is in existence. He paid a big tribute to Mr. Payne's ability and party services and moved for the adoption of his resolution. It was adopted by a single vote and Mr. Payne was declared Chairman of the Committee.

On taking the chair Mr. Payne made a short address thanking the members of the committee for the honor bestowed.

TWO VOTES FOR PHILIPPINES
The question of seating the six delegates from the Philippines was taken up and it was decided to admit them as delegates with a total of two votes.

Votes of thanks were then passed to people of Chicago for courtesies rendered to the members of the local committee, which has prepared the hall of the convention and to Elmer Dover of the National Convention. The meeting then adjourned sine die.

KENTUCKY DIVIDED.
The Kentucky delegation is divided on the Vice-presidency. A majority are however, favorable to the Indiana. A caucus is to be held late today, when an effort will be made to unite on a candidate.

The Indiana delegation met today, and on motion of Senator Beveridge, Senator Fairbanks was made chairman by acclamation.
No mention was made in the meeting of the subject of the Presidency. Senator Beveridge who will represent Indiana on the Committee on Resolutions is a stand-patter.

HOME RULE FOR TERRITORIES.
Delegates from Indian Territory uncertain as to what action will be taken by the convention on the subject of Statehood, are making an earnest fight for home rule for all territories pending their admission to the Union. A joint conference of the Oklahoma and Indian Territory delegates may be held looking to co-operation in bringing about a declaration for the admission of these Territories as one State. Prominent Republicans in both Territories say they have been disappointed so often that they want some recognition assuring better conditions in the Territories should Statehood be denied. With this end in view, they ask the convention to take a stand in favor of home-rule and for the appointment of residents of territories to the bench.

WEST VIRGINIA FOR ELKINS.
At a meeting of the West Virginia delegation Senator Elkins was endorsed for Vice-President while Fair-

SUSTAIN GRANDALL FACTION.

Intimation in Labor Fight Before Board of Supervisors.

The Board of Supervisors this morning practically intimated its intention of placing the J. B. Grandall end of the Labor Union Party on the primary election ballot which will be voted in August. For more than two and a half hours the board listened to the dispute between what is known as the Grandall end and the Hyde Atherton faction of that political organization.

FACTS ADMITTED
On April 1 last it was attempted at a meeting of the Central Committee of the Union Labor Party to depose J. B. Grandall as chairman of the committee. Deputy Sheriff C. F. McDuck made a motion declaring the position of chairman vacant.

Grandall refused to entertain the motion whereupon A. W. Atherton, secretary of the organization put the motion which was carried by a vote of 17 ayes and no nays.

There were eight members of the committee reported present who did not vote. The foregoing facts are a limited practically by both sides.

Grandall reorganized the faction that walked out with him while Lawrence Hyde was chosen chairman of the other faction with Atherton still as secretary. The reason alleged by Attorney Aldrich representing the Hyde Atherton faction for removing Grandall was that he was hobnobbing with the Republican.

IRREGULARLY DEPOSED
Supervisor Rowe after listening to the testimony and in his opinion Grandall had been irregularly deposed and that the committee irrespective of the merits of the matter should have speepled from Grandall's ruling wherein he declined to entertain a motion for his own dismissal. Supervisors Mitchell and Alcott agreed with the sentiments expressed by Rowe. The matter went over until tomorrow morning at 11 o'clock for a decision.

BURIED UNDER BUILDING.

BUILDING COLLAPSES IN KANSAS CITY, CAUSING RUIN AND DEATH.

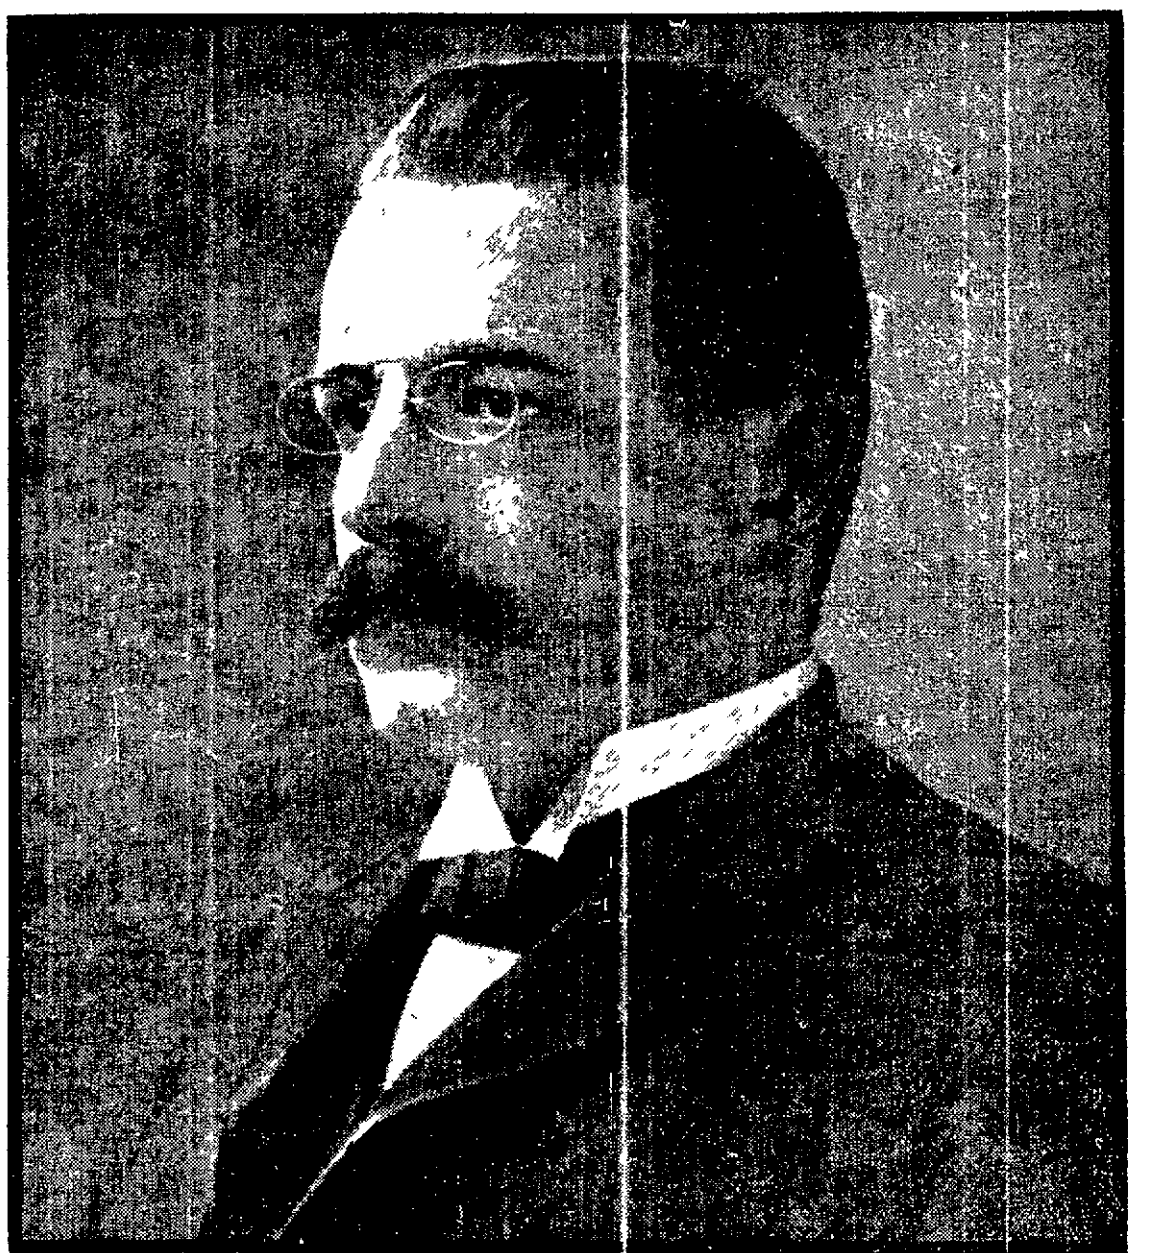

KANSAS CITY, June 20.—A four-story brick building at Third and Delaware streets occupied by the Block Syrup and Refining Company, collapsed early this morning, burying a number of people in the ruins.

The injured:
MARTHA FISHER 16 seriously
VIOLA BAKER 15, badly hurt not serious
CLAUDE CHAMBERS 20 seriously hurt

The building was 25 years old. It was damaged during the great tornado here in 1886 and had never been properly repaired.

ENGAGEMENT IS RUMORED.

ST. PETERSBURG, June 20.—The military critics are discussing the results of the raid by the Vladivostok squadron. They say Vladivostok proved more valuable as a naval harbor and better as a strategic position than Port Arthur.

PORT ARTHUR IN NO DANGER OF CAPITULATING.

Place Well Defended and Ineffective Blockade Renders Needed Food Available.

INDIANAPOLIS, Ind. June 20.—The Indianapolis News today received a special cable from its special staff war correspondent at Chefoo giving the following account of its release from prison and the situation inside the besieged fortress.

Chefoo, June 20.—After spending five days in a Russian prison I was released and put on board a Chinese junk and sent to this place.

The stories of starvation in Port Arthur spread by the Japanese are untrue as stores and supplies are constantly arriving at the besieged city from Chinese ports. The Japanese blockade is ineffective.

The garrison consists of between 50,000 and 60,000 troops and the health of both soldiers and civilians is good. The damaged ships have all been repaired and the harbor entrance cleared of obstructions.

Immense new forts have been constructed and in my opinion the place is in no immediate danger of falling into the hands of the Japanese.

The Japanese attack by land on the 6th instant was easily repulsed. I was the first correspondent to report the blockade.

Mr. Fuller was rowed across to Port Arthur from the Miauto Islands by two Chinese in an open boat and was on landing June 13 seized blindfolded and thrown into a prison inside the fortress as was announced at the time by the Associated Press.

HEAVY LOSS AT TELISSU.

BUTCHERY BY USE OF SYDDITE SHELLS.

SIMULCHUN, Manchuria, June 20.—The Japanese military at the battle of Vanfangow included in its siege guns using syddite and securing the whole battle field. The Japanese suffered tremendous losses in the battle. Russian light and heavy artillery, the latter six-inch regiment being annihilated, the hospital situated at Vanfangow was repeatedly struck by the enemy's shells, which mutilated the Russian wounded.

JAPANESE FIRE IRRESISTIBLE.

NEWCHOWANG, June 20, 3 p. m.—A Russian officer who was wounded in the battle of Vanfangow (Telissu) told an Associated Press correspondent that the losses on both sides were severe. He places the Russian casualties at the least at seven thousand. He says no soldiers in the world could withstand the Japanese, as they have been fighting lately. Their artillery fire is much more powerful than the Russian. The Russian light and heavy artillery is but were unable to withstand the enemy's dashing resistance.

Several hundred wounded Russians have been sent north owing to a lack of hospitals and surgeons. At the available transportation is to be used for supplies at the expense of the sick and wounded. The Japanese found most of the Russian dead after the battle.

FINE REALTY TO BE SOLD MUNYON'S NEXT SATURDAY.

Choice Property in Oakland and Berkeley Offered By Realty, Bonds and Finance Co.

An auction sale will be held Saturday, June 25, of choice residence lots in Berkeley and Oakland on the grounds facing Shattuck avenue, Sixty-fifth and Sixty-sixth streets. The sale will be conducted by the Realty Bonds and Finance Company of 1172 Broadway, corner of Fourteenth street.

The lots that will be put up at auction are some of the most choice residence lots that could be offered in the section described. All the properties are surrounded by beautiful homes and the neighborhood could not be excelled. Schools and churches are in the immediate vicinity and offer exceptional advantages to families. Large frontages are assured and the situation is of the best. The district is particularly healthful and already, before the sale was announced, many had made applications for

the landed property. There is no doubt that the lots offered will rapidly advance in value, as they are in the direct line of real estate progress.

The sale will commence at 2 o'clock p. m. Saturday. The terms are most reasonable, but \$25 being required for a deposit on each lot. This will enable the laboring man a very wide margin, as he is asked to pay but \$10 per month in installments.

The offer is particularly generous and should be the opportunity for many who are in search of homes to secure the same with but a moderate cash payment and easy terms by the month. The titles are "Q" clear and the corporation offering the lands for sale allow ten days for the search of title. The terms are most attractive and there seems to be little doubt but that the grand offers will be taken up readily.

HAS DIGNITY OF RABBI. LAUGHING SEASON AT LIBERTY.

OAKLAND YOUNG MAN RAISED TO ELEVATED PLACE IN SYNAGOGUE.

Rabbi R. I. Coffee, son of Mr. and Mrs. M. H. Coffee of this city, was ordained last Sunday at the American Jewish Theological Seminary in New York City.

Rabbi Coffee was born in this city in 1878. Here he received a regular grammar and high school education. He went then to New York City in 1900 and entered the Jewish Theological Seminary and Columbia College. He graduated from Columbia as Bachelor of Arts and obtained the highest honors in philosophy.

Rabbi Coffee was assistant in his education at the Teachers' College at Columbia for three years and was at the head of religious work in the Young Men's Hebrew Association until 1901. He now holds the important position of superintendent of the Hebrew Orphan Asylum, the largest orphan asylum in the world.

The young man's many Oakland friends, and there are very many of them, will be pleased to learn of his success.

POSTMASTER DARGIE BACK FROM YOSEMITE.

Postmaster T. T. Dargie and wife and their two children, Master Thomas Malvern and Miss Bezie Dargie, have returned after an outing of three weeks in Yosemite Valley, where they enjoyed themselves to the utmost.

Mr. Dargie has resumed his duties in the postoffice, and is in greatly improved health. He says that his stay in the valley, which afforded him more pleasure than he ever enjoyed there before in that place, was also the experience of the visitors to the great wonderland from Oakland, of whom he says, there are more this year than ever visited it in any previous season.

"MY FRIEND FROM INDIA" WILL DELIGHT PATRONS ALL THIS WEEK.

The third week of the "Laughing Season" at Ye Liberty Playhouse begins tonight with "My Friend From India" as the bill. The nation's face comedy is now well known that it hardly needs an introduction to theater-goers. It suffices to say that it stands with the best and has been truly called "the greatest laugh-maker." That it will duplicate that reputation in Oakland can be taken for granted. The full strength of Bishop's New Company will be called into the cast. Frank Bacon, the genial comedian of the company, will be seen as "Augustus Bennett," the wandering barber, who comes all the trouble. Donald Howles and George Bloomquist, the two clowns, whose "warm time" is responsible for "Snapper" landing what he does, have parts that are well suited to them. In addition there will be W. H. Gleason, Bennett, Richard, Joe Curran, Robert Lawler, Miss Anna Roberts, Miss Louise Brownell, Miss Maile Barker, Miss Frances Shlosson and Miss Grace Gendall. With these people "My Friend From India" should make a decided hit.

MANY GUNS ENTERED.

INDIANAPOLIS, June 20.—The entry list for the grand American hardicap inanimate target match is the largest ever booked for a similar event in the country. There are 375 guns entered from all parts of the United States. The weather today is cloudy. The guns were on the range early practicing and acquainting themselves with the conditions and surroundings.

Tomorrow the sweepstakes shooting will take place.

SWEEPING FIRE LAYS HOPLAND IN RUINS.

Business Structures, Stables and Horses Mingle in Common Loss, But Damage is Not Known.

SANTA ROSA, Cal., June 20.—Word reached here this morning of a big fire at Hopland, Mendocino county, in which practically the entire business portion of the town was wiped out.

The fire started in the Thatcher Hotel and swept north. Not a store in the hotel block was left standing.

When a livery stable was burned twenty horses perished and several large stage coaches were destroyed.

Hopland is the starting point for the North Coast stage line to the Lake county summer resorts.

Telephone and telegraph communication is interrupted and the details of the fire are meagre.

KING NO LONGER ORGANIST AT FIRST CHURCH.

Surprise Occasioned By Resignation Which Goes Into Effect Immediately.

William B. King, organist at the First Congregational Church, corner of Twelfth and Clay street, has tendered his resignation to the Board of Trustees of that church to take effect immediately.

The resignation comes as a surprise. Mr. King's playing has been a distinct feature of the services of the church.

His recent rendition of Mozart's "Requiem," "The Messiah," and other oratorios has added distinctly to his reputation on this coast as an organist.

Mr. King was classed by many critics among the very first organists on

this coast.

It is understood that he will go to New York for a three months' vacation. His position will be temporarily filled by Miss Downs, who has been the assistant organist.

In speaking of Mr. King's resignation, George T. Hawley, secretary of the board of trustees said:

"Mr. King has tendered his resignation to the trustees to take effect at once. His object in resigning I understand is to take a vacation. His intention as announced is to visit New York."

"There has been no talk of re-engaging Mr. King."

BRYAN MUST PAY MRS. BENNETT. CHAPLAIN DRAHM TO MARRY.

COURT UNWILLING TO ALLOW HIM TO LONGER DELAY IN THE CASE.

MAN OF PRAYER AMONG CON-VICTS—WORSHIP AT CUP-ID'S BOWER.

NEW HAVEN, Conn., June 20.—William J. Bryan came here today to attend a hearing in the probate court in connection with his position as executor of the estate of the late P. S. Bennett. The hearing was ordered on the application of Mrs. Bennett, the widow, requesting that the court direct the executor to turn over to her the sum of \$75,000 which by the terms of the will, was left to the widow outright.

It was set forth that the money was in the hands of Mr. and Mrs. Sloan, Mr. Bennett's former partner, and that he was ready to pay it under proper authority. The \$75,000 bequest is now involved in the legal fight, between Mr. Bryan and Mrs. Bennett, and when the proceedings opened, Mr. Bryan said that he was ready and willing to pay the money to the widow, but that he could not see the necessity for a court order since he had given a bond in this State, Council for Mrs. Bennett, insisted upon the order and after some further discussion Judge Cleveland said that he was inclined to issue the order asked for, and at his suggestion the attorneys agreed to get together and try to frame an order of a satisfactory nature.

The marriage license was issued this afternoon to Rev. August Drahm, chaplain of San Quentin prison, to marry Jessie P. Dornford, Mr. Drahm gave his age as 25 and that of his bride as 47. Miss Dornford is a resident of Aurora, Ill.

WANT TO LOCATE RUG FACTORY.

The Board of Trade is very anxious to learn of a building in Oakland for rent that will be suitable for the establishment of a rug manufactory. The building must be from 60 to 75 feet in length and have a rear yard. Either a one or two-story building will do and it is not necessary that it be right in the business district. Owners or agents having such a structure may aid in locating a rug factory in Oakland by addressing at once the secretary of the local Board of Trade.

GRASS FIRE.

A grass fire at the corner of Eighth avenue and East Tenth street called out the East Oakland fire department this afternoon. The flames were put out before much damage was done.

BANKING BY MAIL

In many Eastern Cities is growing to large proportions with a tendency to increasing popularity.

The depositor encloses a check or postal order and pass-book in an envelope and sends them to the Bank through the mail. The pass-book is returned the same way. It saves the time of a busy man, and is perfectly safe.

This system prevails not only between distant cities, but between such near-by points as Oakland and Berkeley and San Francisco and even between different sections of the same city.

BOXALL GOES TO ASSAULT.

G. R. Lloyd's Assailant Admits Guilt and is Fined \$400.

SAN BERNARDINO, Cal., June 20.—William Boxall, the young Englishman who shot his aged uncle, Capitalist Charles R. Lloyd of Berkeley, more than a year ago, as the result of sensational information to the effect that Lloyd had for several years mistreated

Boxall's three sisters, today in the Superior Court pleaded guilty to assault with a deadly weapon and was fined \$400.

Previously Boxall had been tried on the charge of murder, but the prosecution did not show conclusively that Lloyd was dead, and the jury failed to reach a verdict.

During this former trial, friends of the defense freely circulated the statement that Chas. R. Lloyd, instead of being dead as the result of wounds inflicted by Boxall, was hidden under another name in China or Japan.

MILLIONS LEFT BY LEITER.

WILL DETAILS HOW IMMENSE WEALTH IS TO BE DISTRIBUTED.

WASHINGTON, June 20.—The will of the late Levy S. Leiter, the Chicago millionaire, was filed today in this city. It names Mary T. Leiter and Jos. Leiter, his widow and son, as executors. The will leaves one-third of the estate, outside of specific reservations of real lands, to the widow, and the rest is for equal distribution, to children. Specific provisions in the will will guarantee Joseph Leiter an annual sum of at least \$100,000 under any circumstances.

Mention is made of the Marriage settlement of \$700,000 previously made on one of the daughters, Lady Curzon, in addition to which the will bequeaths \$1,000,000 more as a trust fund for her. The total of \$1,000,000 to be charged against her as an advancement in the distribution of the estate. The trustees named for this independent fund are Jos. Leiter, Robert T. Lincoln, Chicago; Francis Nathaniel Curzon and St. John Fremantle Broderick, of London.

DONATIONS IN LIFE.

The will cites that, during his life time, Mr. Leiter gave the following amounts: To the University of Chicago, \$100,000, including the \$100,000 trust in the will, to be charged against her in the general estate; to each of the daughters, Nancy and Margaret, \$50,000; to the Chicago and North Western Railway Company, to be valued at \$155 a share, and 1000 shares of the capital stock of the Edison Company of Chicago, to be valued at \$400,000.

The will says Mr. Leiter has purchased title of 7,500 acres of coal lands in Illinois and certain shares of the capital stock of the Universal Coal Company, and directs that a corporation may be formed under the Illinois laws to permit Jos. Leiter to manage and control these lands. The dividends and profits are to be applied as a credit to the amount invested in the coal lands and the earnings to bear interest at 5 percent per annum. Whenever Jos. Leiter repays the estate left Mr. Leiter in full with interest, the whole amount invested in the coal lands and the fuel company is to be conveyed absolutely to him.

DELEGATES GATHERING.

banks was declared to be the delegation's second choice.

At a meeting of the North Dakota delegation there was discussion of the question of tariff reform based on Senator Hansbrough's resolution, but the decision was reached by a majority vote to support the policy of anti-revision. The prevailing opinion was favorable to a declaration on the lines that: were followed four years ago. By general consent, Senator Hansbrough was placed on the committee on resolution and no objection will be made to him offering the resolution.

Fairbanks and "Stand-ate" is the position of the South Dakota delegation. The Hawaiian and Porto Rican delegations have agreed to go together in an effort to secure the insertion of a plank in the platform favorable to a duty on coffee.

"IOWA IDEA" EXPLAINED.

CHICAGO, June 20.—The "Iowa Idea" was emphatically laid on the table today by the Iowa delegation. It is understood that Gov. Cummins will advocate it on the floor of the convention on supporting the Hansbrough resolutions for tariff revision and reciprocity.

After the Iowa delegation had organized today, Cummins took the floor and explained his "Iowa Idea," embodied in a set of resolutions. The discussion lasted for an hour and a half and the resolutions were laid on the table by an overwhelming vote. The detailed vote was not read. Senator Allison, who had been elected chairman of the delegation, presided. Mr. Cummins, of Burlington, a well-known "stand-patter," was unanimously chosen as the Iowa member of the Resolutions Committee. The Cummins resolutions, which is the "Iowa Idea" up to date, are as follows:

"Resolved, That it is the sense of the delegation that the National Republican platform should be broad enough to furnish comfortable standing room for all Republicans who believe in the essential principles and policies of the party; that upon the subject of tariff and reciprocity it should embody in some form:

"First, a clear and emphatic declaration of the time-proven policy of protection;

"Second, an unmistakable recognition of the fact that tariff schedules must be readjusted at reasonable intervals to meet the changing conditions of production; and, that any such adjustment should be made by the friends of protection.

"Third, that, at the next session of the present Congress, the subject should be taken up and such changes in the schedules should be made as are required to preserve for the producer and consumer our consumers' adequate protection—no more, no less.

"Fourth, a plain and forceful decision for reciprocity, to be established either by treaty or act of Congress as circumstances may demonstrate, when the policy can be applied to increase production at home and increase the welfare in competitive or non-competitive things."

Gov. Cummins and Col. G. W. French supported the Cummins resolution.

Among those who spoke against the resolutions was Senator Doller.

that there is a strong sentiment throughout the country tending toward Taft for the Presidency in 1908.

"Objection would be urged against Mr. Taft on the ground that it would remove a strong man from the Cabinet and put him in a position less prominent, before the country. To the first objection I should say that Mr. Taft would be of as immense assistance to the President as he is as a member of the Cabinet, and to the second objection, my point is that Mr. Taft is so well known it is impossible to lose sight of him. That he has recently assumed the war portfolio, but his work is, in a sense, completed so far as the Philippines are concerned, and there is no great emergency which would necessitate his remaining Secretary of War.

ILLINOIS STANDS OUT FOR HITT.

CHICAGO, June 20.—Senator Cullom will organize the Illinois delegation over the opposition of Governor Yates. Twenty-eight out of the fifty-four delegates met today and pledged themselves to support him for President. This is regarded as meaning much to both Senator Cullom and Governor Yates, because that Senator Cullom lost it would have weakened his position for re-election to the Senate and correspondingly strengthened Governor Yates.

"Speaker Cannon is primarily our selection for the Vice Presidency," said Congressman Patterson of Pennsylvania, "but he is an unequivocally opposed to it that out of respect to the wishes we are not pushing him forward. Congressman Hitt is a good man for the place. As to the platform, our emblem is 'We are Stand-patters.'"

Rhode Island sentiment inclines towards Hitt, but the delegation does not desire to throw its vote away in case the selection of Senator Fairbanks has been agreed upon.

FAIRBANKS SILENT AS TO NOMINATION.

CHICAGO, June 20.—Senator Fairbanks' continued silence regarding the Vice Presidency has caused some of the strongest supporters in his own delegation to advise him to make an announcement today that he would be glad to have the nomination.

A meeting of some of his friends, including Representatives Watson and Hemenway and Chairman Goodrich, of the Indiana State Committee, was held in Senator Fairbanks' room early in the day with the object of settling on whether he ought not now to say that he is a candidate. The decision will probably be communicated to the Indiana delegation.

FAIRBANKS WILL ACCEPT NOMINATION.

CHICAGO, June 20.—The Indiana delegation held a meeting in Governor Durban's room today when the Vice Presidential nomination of Senator Fairbanks was discussed.

After adjournment it was stated that they were just where they were before and were without definite plans. At the same time it was said that the attitude of the delegation was that Indiana would be pleased to have Senator Fairbanks receive the nomination.

A motion declaring that to be the sense of the delegation was made, but Senator Fairbanks said that was stronger than he desired and the motion was withdrawn.

Members of the delegation differed as to the position the State should take in view of this development but individually several said they would like to have the Senator nominated and the State would appreciate the honor of Senator Fairbanks' nomination.

Senator Fairbanks made a speech of some length, saying that he had not been a candidate and was not a candidate; that he had been urged to become a candidate and that he had not. He mentioned the place.

The Senator would not be put in the position of a candidate to present his name to the convention.

OREGONIANS ORGANIZE

CHICAGO, June 20.—The Oregon delegation today elected W. B. Ayer chairman, C. H. Casey member of the National Committee, and J. W. Campbell member of the Committee of Arrangements.

Mr. Campbell will represent these views at the meeting of the Committee on Resolutions.

This, however, was averted by the withdrawal from the race of Gunst in deference to the wishes of California's Governor.

Justice Gaynor of the Supreme Court sitting in New York has rendered a decision that Sunday baseball is illegal in that State and the two men arrested under the charge of breaking the Sabbath will have to stand trial as the motion to dismiss was denied. IOLA IS CALLED "TUG-BOAT."

PULLS THE CAPSIZED "POLLYWOG" INTO HARBOR WITH HER SINGLE CREW.

There is a little grin of good natured laughter among the members of the California Yacht Club. When the Pollywog sailed by her crew, Captain Tyler, capsized yesterday in the owners' race, the Iola towed the craft to her moorings and now the sailors have attached the name "tug-boat" to the fleet sailer.

The race was marred by two features. First was the capsizing of the Pollywog. The yacht is said by the members of the club should never have been sailed by a single man comprising the whole crew and probably if a crew had been shipped in port the race would never have turned over the sides. A strong wind was blowing and the manning of the boat by a crew was demanded.

The second objection was the filing of a protest against the winner of the race, the Jessie E. Charlie Clark registered a protest against the yacht for the reason that the owner did not comply with the rules which require that there shall be shifting of ballast twenty-four hours previous to a race. It is asserted that Louis Rosenberg, Jessie E. dumped her chain which she carried in the bow just previous to the race. The question will be decided before the officials of the club in their next regular meeting.

The following yachts started in the race: Iola, Jessie E. and Gypsie in Class A; Idler and Spray in Class B; Pollywog in Class C.

The course was about eleven and three-fourths nautical miles and was sailed in a good blow. The heavy wind overturned the Pollywog and the fleet with the exception of the Jessie E., which was too far ahead to render aid went to the relief of the Pollywog. Tyler was picked up out of the water none the worse for his drenching. The boat was not damaged.

Yesterday's race was the eleventh annual class flag race of the California Yacht Club.

QUICK DISPLAYS BRAVERY.

COVERTAKES FLEEING FOOTPAD, RECOVERS PURSE AND "LANDS" PRISONER.

The bravery and coolness of Charles Quick, who resides on the corner of Fourteenth and West streets, resulted in the recovery of a lady's purse late Saturday night and the capture of a bold footpad who was operating near the house. The name of the prisoner is Alexander Finn and he claims to be a discharged soldier from Manila. Shortly after midnight, as Mrs. O. D. Whitney was returning to her home at 1510 West street with a friend and had just passed the corner of Fourteenth and West streets, a man sprang out from the shadow of a clump of shrubbery and seized her purse, which hung by a chain from her belt. Tearing the bag from its fastenings, the robber ran down the street. Mrs. Whitney screamed loudly, and her cries were heard by Quick in his fastenings. The man was but partly dressed and in his stocking feet. Quick ran out of the house and overtook the thief at the corner of Thirteenth street. Holding his hand in his pistol pocket, Quick seized the fugitive and ordered him to surrender. Neighbors telephoned to the police.

RUHLIN SEEKING NOTORIETY.

STORY THAT AKRON GIANT WILL FIGHT, PRECLUDED BY ARTICLES SIGNED.

Now comes on a cheap advertisement that Gus Ruhlman will try to get on a match with Miner Munroe to take the place of Jeffries. Word is said to have been received by the Akron Giant from his manager that he will begin training at once preparatory to the clinching of the match which Billy Madden is trying to get for the big fellow.

There is not a chance for Ruhlman to meet Munroe at this time nor until the latter has met the present champion in the ring. The date has been fixed for the last week of August as all sports know and the articles provide that neither man shall meet anyone until the championship fight has been pulled off under the direction of Coffroth.

What Ruhlman wants to meet Munroe for is a mystery. The card would not draw and though both of the men are in about the same fighting class Munroe would have a far superior advantage over Gus. Jeffries put it all over Ruhlman and more than demonstrated his generalship over the big fellow from Ohio.

It is reported from the East that Ruhlman, who has been visiting his mother at Akron and who has been all the time in light training will begin today to go into the strenuous work of hard training preparatory to a match with Munroe. There is no opportunity for the record of every man, good or bad, who has been doing the postponing act for three times until they meet and settle their hot dispute.

Jeffries' postponement has been the subject of much hard talk among the Munroe enthusiasts here, as the doctor's decision is paramount in the case the last delay of all matters is absolutely necessary. As a matter of fact, if Jeffries had a million at stake he would have to forfeit as well as make a poor choice in his present distressing condition against a man like Munroe who is in the pink of condition.

An old-time sporting man who has been behind such men as Jake Kilrain, John L. Sullivan, Corbett and the rest of the stellar lights in the pugilistic ring in days gone by said to a TRIBUNE man yesterday:

"Mark my words. I have followed the pug end of sports for years and without boasting I think I know the record of every man, good or bad or indifferent that has entered the ring in the past thirty years. To my mind, Munroe has an excellent chance to defeat the present champion. I have seen both of them in action and know that both are hard customers. Jack Munroe has made exactly the same rise in the arena as Frankie Nell, Jim Corbett, Jimmy Britt and others of the many who followed."

"Every one of these I have named as well as others, have started in the amateur ranks, won their feathers at the Olympic Athletic Club, and then after a short rest have turned professional. Jack Munroe did the same thing and to my mind without doubt put up one of the grandest fights against a clever man and as hard a hitter as the coast has ever seen. Of course it is deplorable that the fight has been so long delayed so many times. I had seen his manager I would not only have called off the fight but would have called it off entirely for a year at least. He is in bad shape."

"Do you think there will be a fight?" was asked.

"Oh, there will be fight. I am sure of that. The talk is all over Jeffries' postponement of the contest. Jeff is not afraid and will surely meet the milder but my money will go on Munroe."

Among the sports there is comment for and against both sides of the supporters. Some say that Jeff has too much to take care of others say that the thing has been fixed. When it comes down to a careful and honest resume of the big fight there is little to say further than that Munroe, who was in disappointed that Jeffries had a hard turn and could not meet him. There seems to be no real hard feeling in the Munroe camp and there seems to be little doubt at the present time that the two will meet during the last week of August. The only thing that will prevent the contest will be the inability of Jeffries to enter the ring.

PERCY MURDOCK IS WINNER.

WRESTLES TITLE OF TENNIS CHAMPION FROM M'GAVIN.

Percy Murdock who yesterday went against the then champion Drummond McGavin came out victorious in the tennis match and Murdock has wrestled the championship banner from the clever player. It took four sets before Murdock could decide the matter of the victory, four sets that for a stubborn fight have seldom been seen on the courts for many years past. One of the largest crowds that ever witnessed a tennis tournament and a championship at that was present. Both players were in fine form though after the match had been completed each asserted that he had played too carelessly.

This closes the competition for the Grant Cup. McGavin won it the first time from Hodgkinson. Now Murdock is the holder for the trophy. The cup must be won three successive times before it becomes the property of the owner.

OAKLAND BOWLING TONIGHT.

CRESCENT TEAM NUMBER TWO TO PLAY ACROSS THE BAY.

The Oakland aggregation of bowlers has not only a clever lot of players on the alleys, but have gathered together a lot of expert amateur ball players that cannot see how they can be beaten on the diamond. Yesterday the baseball team representing the bowlers met and defeated the twirlers from the Hahn combination by the score of 4 to 2. The batteries were Hopkins and Baumgartner for the Bowlers and Johnson and Ellis for the Hahns.

Tonight the Oakland Crescents No. 2 will play the American Eagles in the San Francisco home and home bowling tournament. The games will take the nature of a chase after the elusive duck pins and will be played on the Central Alleys in San Francisco. The Crescents have stood well along toward the top in this season's games and tonight will probably decide whether they are the champions or not as they now are in second position in the tournament.

Leo Nichols, the captain of the Bowlers' Bowling Club has without doubt a set of players that are strong aggregations of bowlers that he could scour from the local line of clever men and is out with a challenge to any duck-pin team in Alameda county for \$50 a side and any number of games from three to six. Here seems to be a most clever chance for the duck-pin experts of Alameda county to try conclusions with what seems to be the strongest set of players that has ever been seen in the county.

As far as confining the criticism to the bowlers in particular it is one of the best known associations for a young and growing one that has ever been organized by local boosters of sports and comprises athletes in almost every line of legitimate amateur sport.

The Rapid Growth of Oakland

Oakland is growing. According to the returns in the Assessor's office, 1330 new houses have been erected within the city limits since the assessment was made one year ago. This is decisive proof. During the year previous 967 new houses were erected, making a total of 2497 new houses in two years. This is certainly a splendid showing. It is conclusive proof that Oakland proper has added upward of 12,000 to its population during the last two years. At the same time the building record for the last twelve months shows the greatest building activity in the history of the city. As yet there is no sign of slackening in building operations. Another evidence of the permanence of the rapid growth that has characterized Oakland of late years. It is estimated by real estate men that fully 300 of the new houses erected during the past two years are flats containing from two to four tenements each. Counting an average of three tenements to each flat, this would mean 600 more tenements than the total number of houses indicates. As the flats are usually occupied as fast as completed, their number would indicate 3000 new inhabitants more than the 12,000 estimate, bearing out the claim that the population of Oakland is increasing at the rate of from 8 to 10 per cent a year. This claim is justified by the city directory, the postoffice receipts and the registration. Making all due allowance for exaggeration, however, the visible facts prove indisputably that Oakland is growing at an unprecedented rate.

"If not Parker—who?" asks the New York World. It matters little who is selected to play the leading role in a political funeral. Respectability is the only requisite for a part so relieved of present and future activity. There ought to be little difficulty in choosing a suitable person to shroud for the obsequies in November.

Now that Mose Gunst "has come," the Chicago convention can proceed to business.

The Los Angeles Herald makes the queer mistake of saying that Hayes had a plurality of 250,935 of the popular vote in the Presidential election of 1876. Tilden had a popular plurality of 250,935 over Hayes. The latter had a majority of one in the Electoral Commission, which counted for a good deal more.

The Slum Overflow From Europe

For a year or two prior to the great panic of 1893, this country was deluged with immigrants brought in the steerage of the trans-Atlantic steamers. The steamship companies engaged in a cut-throat competition and reduced the fare from Europe to America to \$15. In consequence the industrial depression was aggravated by swarms of penniless aliens recently arrived in the country, and seeking work at any wages.

We are now threatened with a repetition of our former experience. At the time when the railroads and great industrial combinations are cutting down their working force and throwing large bodies of men out of employment, the steerage of every trans-Atlantic steamer from Europe is filled with ignorant laborers brought over at \$10 per head. In order to stimulate the slackening immigration at a time when a financial reaction is setting in the steamship companies have cut the price of passage to the lowest notch ever known. Glowing circulars advertising this cut, and depicting the United States as a land of ease and plenty for everybody are being printed in every language in Europe and distributed broadcast. The result is a perfect rush of ignorant aliens to these shores.

To make matters worse, the governments and municipalities of Europe are taking advantage of the situation to send us the undesirable elements of their population. Europeans are shipping to the United States their thriftless and dependent relatives. Thieves, vagabonds, loose women, mendicants of all sorts and descriptions are coming—coming at a time when a glut in the labor market is threatened and financial stringency is making itself felt.

It should be evident to the dullest mind that this wave of ignorance, poverty and unhappiness is a menace to the country. It would be a menace under the most favorable conditions, but it is doubly a menace when the high tide of prosperity is on the ebb—when jobs are getting fewer and idle men more numerous. Some remedy must be found for this periodical influx of the human scum from the overcrowded hives of Europe.

While no legitimate objection can be made to the coming of thrifty, the industrious and the moral, law-abiding immigrant, imperative necessity demands that we repel the idle, the ignorant, and the vicious. It is not their poverty that renders them objectionable, but their habits and their characters. They are human dross—the dregs and refuse of a society that has grown affable. Just how this invasion is to be repelled is a question for our statesmen in Washington to decide, but it is an invasion that must be checked. So long as we leave the door open the steamship companies will bring over these undesirable hordes for whatever they can afford to pay. The steerage will be filled with any kind of a human cargo that can be scraped up for the steamship business is not altruistic, and beside, is controlled by foreigners.

The New York World's vociferous demand that Judge Parker utter a "ringing note" would seem to indicate that Editor Pulitzer has fears that the silent jurist may be a counterfeit.

Governor La Follette's Wisconsin rebellion seems to have fallen under the wheels of the band wagon, along with Governor Cummins' Iowa "idea." The La Follette sidishow sized up rather small when it tried to crowd in and all the big tent.

Sons of Confederates in the Army

A recent discussion has brought out the fact that the army and navy are full of the sons of ex-Confederates. Nearly all the distinguished Confederate Generals have descendants holding commissions. Longstreet's son is a first Lieutenant in the Thirtieth Cavalry. Fitzhugh Lee has two sons in the army—Fitzhugh Lee Jr., first lieutenant in the Twelfth United States Cavalry, and George Mason Lee, a first Lieutenant in the Fourth United States Cavalry. Joe Wheeler's son—Joe Wheeler Jr.—is a captain in the coast artillery, and on duty at West Point Military Academy. The following Confederate generals have sons or nephews holding commissions in the army or navy: Cheatham and Hood and Pickett and Clayton and Butler and Anderson and Hagood and Johnson and Gorington and Robertson and Wright and Gorgas and Walker. The sons of many Southern soldiers of lesser degree are also wearing the blue uniform of the restored union. Dewey's flag officer at Manila was the son of a Confederate soldier. Hobson's father was a Confederate colonel, and the father of the first American officer killed in the Spanish war was killed while serving in the Confederate army. No better evidence of the complete restoration of the Union could be furnished.

If you are in doubt as to where you should take your summer outing consult the resort advertisements in THE TRIBUNE. There you can find forth the particular attractions of a great variety of seaside, rural and mountain resorts located in all parts of the State. The best places in California are always advertised in THE TRIBUNE, and those contemplating a summer vacation will save themselves time, trouble and expense by studying the advertisements in these columns.

The movement to erect a first class modern hotel in Oakland has started incipient hotel booms in all the towns roundabout. The Alameda papers are talking about building a fine tourist hotel; Hayward has the hotel fever, and the local journals claim that Livermore would be a popular resort if it had a first class hotel. We do not wish to discourage anybody, but there are practical questions to be taken into consideration. A first class hotel does not mean the same in Livermore or Hayward that it means in Oakland. And there are limits to what a hotel may do. It is well to exercise a little sober judgment in the effervescence of local loyalty.

WHY CONSISTENCY IS RARE.

A correspondent wrote to the Oakland TRIBUNE, taxing it with inconsistency in denouncing the acts of the Colorado militia, when it had previously denounced the acts of the miners' union. THE TRIBUNE of course replied that in denouncing the same acts, committed on one side, which it had previously denounced when committed on the other it was acting with entire consistency. The explanation is so plain and so common that the only wonder is how few there are who comprehend it.

In the Middle Ages, all moral obligations were personal obligations. There was no general obligation to be honest, brave, faithful and pure, but merely a personal obligation not to cheat one's allies, not to desert one's vassal, not to seduce the wife or daughter of one's friend. The same act might be good, bad,

or indifferent, according to the person affected by it. The word was continually at war, and in the ethics of war one man's right is another man's wrong. So the standard was fitted to the time.

Curiously enough, this same medieval notion of the difference between right and wrong seems to have penetrated to modern times. How many men are there who are more loyal to principles than to persons? How many will praise an act and condemn it when done by others? The commonest idea of party loyalty is to vote for every candidate of the party, no matter who he is, and to sustain every act of the party, or its officials, no matter what that act is. The commonest idea of union loyalty justifies the very acts, in the interest of the union, which it condemns when committed against it. "Are you with us, or against us?" expresses the only alternatives the average mind can conceive. To be "with us" means to "stand in" with whatever our enemy do. The attitude of advocating a certain standard of conduct, sustaining either side when it adheres to that standard, and repudiating it when it fails to do so, seems to be uncomprehended.

Common as it is, the attitude is very dangerous. Only the man who can comprehend the imperative nature of an abstract obligation is fit to be trusted with responsibility.—Fresno Republican.

METCALF FOR THE CABINET.

It is reported on good authority that Congressman Metcalf of Oakland will be offered a place in the President's Cabinet to fill one of the three vacancies that are about to occur. Attorney-General Knox is to retire immediately to accept a place in the Senate, to which he has been appointed. Secretary Moody of the Navy Department will be transferred to the Law Department as successor to General Knox. This will create an immediate vacancy in the Naval Department. General Payne has wanted to retire for some time on account of ill health, but has been waiting to close up certain investigations. He was stricken yesterday in Chicago and it is not probable that his retirement will be long delayed. It is expected that Secretary Cortelyou will also soon retire from the Cabinet to manage the Republican campaign, which will make three vacancies to fill in the early future.

To what place Victor H. Metcalf will be appointed has not been announced, but presumably to either the naval or the commerce department. It is not material to the people of the coast which department he is placed in charge of as there are vital coast interests in all departments, and as Mr. Metcalf's abilities are equal to the tasks in any of them. The selection of Congressman Metcalf for such an honor and responsibility will be cordially approved by the people of California. They have unbounded confidence in his honesty, judgment and steadiness and know that his executive ability is equal to the utmost requirements of so trying a position.

Oakland is getting to be as much of a nursery for California statesmen as was Cleveland for those of Ohio. With a Cabinet officer, a Senator and a Governor, as well as many lesser officials from that city and a Justice of the United States Supreme Court from a tributary district it would seem that all political roads converge to Oakland.—Stockton Independent.

SO SAY WE ALL OF US.

Alameda county will rejoice at the elevation of Congressman Metcalf to the President's Cabinet. The joy is unctured with regret, however, because his valuable services as Congressman will be lost. It is hoped that the man who succeeds him will be of equal worth.—Hayward Review.

LOOK WELL TO YOUR FRIENDS.

"Save me from my friends," is peculiarly applicable in the case of ex-Mayor Snow of Oakland, who was shot by his friend Goldinan. If, as is claimed, the latter had several times threatened Snow's life, it would seem a severe commentary on our system of law and order that there was no method of restraining his murderous intent.—Hayward Review.

OAKLAND'S COMMENDABLE ENTERPRISE.

Oakland is giving another proof of commendable enterprise in the contemplated erection of a magnificent hotel which as a home for tourists will vie with some of the splendidly equipped Southern California hotels. About \$250,000 is already in sight for the project and the names or the executive committee assure that the project will be carried to a successful issue, and by their record for business enterprise and firm financial standing will give confidence to the citizens of Oakland to respond liberally to the appeal to be made. The hotel will be a grand monument of the enterprise which is rapidly pushing Oakland to the front and also of the confidence and love of her citizens for their home city. The "booster" element is indeed animating Oakland to great achievements, and success, which always goes hand in hand with enterprise and progress, will crown the worthy efforts.—Vallejo Chronicle.

Hints for the Ladies.

In the Derby Day costumes and hair shown there seems to me more in page color than in any other shade.

A pretty and unique belt is of metal in the design of a string of ancient coins caught together with heavy silver chains.

All the newest belts are wide and many of them are made of soft dressed leather or suede. They come in all colors.

Majolica ware is becoming fashionable again and many quaint water and lemonade pitchers in this ware are shown in the china departments.

Nearly all the modish summer goods for suits and gowns are so transparent this year as to make a silk lining almost an absolute necessity.

Such dainty dainties as are selling for 12½ cents a yard! One pretty piece has a clean white background, over which are scattered tiny pink roses.

Shirtwaist suits made of a good quality of taffeta silk and having plaited skirt and full plaited blouses are selling for \$15 each and save the time and trouble of making.

Shaded chiffon veils are growing more popular each day, and come in reds, greens, blues, browns and violet, shading from white up to quite a dark shade of fine color.

White celluloid hair combs, both side and back ones, are set with blue or pink stones or with brilliants, and are very modish. One pretty back comb in white had a design of flowers worked out in pink and green.

The toy departments are quite keeping up with the times and in them are shown all sorts of summer things for Miss Dolly. There are automobile coats, bathing suits and the dearest and prettiest of summer lawn and dimity gowns and straw hats to go with them. Parasols, too, are out in full display, while the fans and summer wraps are numerous. Indeed, the summer doll is well looked out for and there is no need for Miss Dolly to accompany her small mistress to the seashore or country without the proper wardrobe.

A housewife whose table linen always does her good service mends it with embroidery cotton of a number to correspond with the quality of the cloth. Under the ragged edges of the year she bastes a piece of stiff paper, and makes a net work of fine stitches back and forth over its edges, caving the stitches about an inch beyond the edges. Thin places and breaks in linen may run with the fax or embroidery floss, and towels should be mended in the same way.

To make whitewash put a bushel of lime into a clean wooden tub and pour on it two buckets of boiling water, stirring it all the time. When the lime has been slacked dissolve in the water four pounds of sulphate of zinc and two pounds of coarse salt. These additions are to prevent the whitewash from cracking off. To make the wash cream-colored add two pounds of yellow ochre. From two and a half to three buckets of wash will be needed for a room of ordinary size.

The too frequent washing of lace curtains is one of the mistakes of housekeepers. At intervals of two or even three years may elapse between the launderings. In the off times they should be pinned on the clothes lines on a clear, windy day, and allowed to remain until all the dust has been whipped out of them. Then they may be packed away for the summer in a pillow case, which has been dipped in bluing until it is a perfect indigo. By this means they will come out in the fall fresh and crisp.

An "emergency bag" is in reality a collection of compartments which the mother of a young family will do well to keep where it can be got at readily. In one, all the soft, worn-out linen handkerchiefs should be tucked. Another may contain absorbent cotton. Cord of varying thickness is neatly rolled up in balls in another, and one tiny pocket contains coat-plaster, as well as the sharp, little round-bladed scissors to cut it with. A rolled bandage or two of sterilized gauze and then she is ready for any of the cuts and bruises which come into the daily experience of romping, healthy youngsters.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhoea, Female Weakness, Prolapsus, or Falling of the Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

WOMEN LOVE INVITES

The woman follows the man of her choice through the path leads out of Eden into a world untrodden and untried. What is her reward? Many a time when her health is broken by the burdens she has borne for the man's sake, her reward is to see him turn from her to seek rosier cheeks and brighter eyes. It is man's nature to crave beauty in the wife as in the maid. And what woman is there, who would not be happy to keep her maiden bloom when motherhood has crowned her with happiness? Some women seem to have found this secret of perpetual youth.

We guarantee that Dr. Pierce's Favorite Prescription does not contain alcohol, opium, or any harmful drug. It is a pure compound of medicinal plants scientifically combined. Persons making false statements concerning its ingredients will be prosecuted.

HAS DR. BAKER BEEN CALLED?

Th Rev. E. E. Baker of the First Pres-

byterian Church left this morning for a much-needed rest. He will spend some time visiting places of interest in the East.

A rumor has been going the rounds that Dr. Baker had received a call to a pulpit in that part of the country. This, however, by members of the church, is stated to be unfounded. and Dr. E. E. Brunkerhoff, a member of the Board of Trustees, said today in this connection: "I talked with Dr. Baker only a couple of days ago and know that, at the present time, he has no other thought than

to come back here and take up his work when his vacation is over.

"We spoke of his going and his return and there was nothing to indicate that he contemplated accepting a call elsewhere.

"I heard the rumor but cannot imagine how it started. When Dr. Baker resigns, he will resign.

"There is no nothing matters with him and I do not think he intends to resign.

"The church is in good condition and everything going along harmoniously."

CRONIN MANGLED BY ENGINE.

LOSES BOTH LEGS AND MAY ALSO DIE FROM HIS INJURIES.

Last Saturday night John Cronin, night yard foreman for the Southern Pacific Company at the broad gauge pier, was run over by a switch engine shortly after 6 o'clock and had both legs mangled as to necessitate their amputation.

He had just reported for duty, and left his office at the pier for the purpose of signaling an incoming train. He did not notice switch engine No. 1108, which was coming behind him over the network of tracks and was without warning knocked down and run over. The name of the engineer is being withheld by the railroad officials. Cronin was picked up by John Grady, a switchman, and was carried to the Red Cross Emergency Hospital. Dr. James Dunn was summoned.

Cronin has been for thirty-five years in the employ of the Southern Pacific Company, and is one of the oldest men in the service. He resides at 919 Chester street. He has a wife and seven children. He is now in the railroad hospital in San Francisco and is resting comfortably.

NO CONNECTION WITH MRS. CHARLES QUINN AND ST. LOUIS WOMAN.

Stories of the attempted suicide of Mrs. Chas. Quinn in St. Louis, who shot herself for the love of a bartender, as published in a local paper, are being indignantly denied by relatives and friends of the young woman. There is evidently a mistake in the identity of the two persons. For Mrs. Chas. Quinn, wife of the well known turfman, has not been in St. Louis, and is now living with her husband in a pretty home at 631 Madison avenue, Chicago.

"THIRTY" COMES TO J. J. RILEY.

NOTED AND POPULAR PRINTER PASSES AWAY IN SAN FRANCISCO.

J. J. Riley, one of the most distinguished members of the typographical profession in this city, died yesterday in San Francisco at the age of 55 years.

Death was not unexpected, because Mr. Riley had been ill for some time. The announcement, however, will bring regret to many people in this section, as will also to others elsewhere, because Mr. Riley was known professionally in all the large cities from coast to coast, and was universally esteemed by everybody with whom he came in contact.

The deceased a number of years ago located in Oakland and became foreman of the job room of the TRIBUNE, an executive position which he held for a number of years, and the duties of which he discharged with singular devotion and ability.

Mr. Riley was a tireless and skilled worker and easily attained to distinction among the members of his profession in this section of the country.

After leaving Oakland, he went to several other places and in each place became prominent among the members of his calling.

He was genial and gentlemanly in his intercourse with those who had business with him and was devoted to employers and friends in a manner which was considered remarkable.

Mr. Riley was a native of England, though he came to this country at an early age, and was thoroughly imbued with Republican principles, which he never ceased to espouse whenever such were in discussion. He leaves a wife and one daughter, both of whom are residents in the East.

The remains will be brought from San Francisco to Oakland and the funeral will take place from the undertaking rooms of James McManus on Seventh and Castro streets, at a date which will be announced later.

John Verlovich and C. K. Rorlan, the union pickets arrested on complaint of James Kanelakis, a confectioner whose store is situated at Eighth and Broadway, appeared in the Police Court this morning to answer to a charge of disturbing the peace. At the request of their attorney, the cases were continued to June 21. Both men are out on \$25 bail.

WORK IN VITICULTURE TO BE ADVANCED.

Professor F. T. Bioletti is Named to Assist Professor E. H. Twilight in Investigating Grape Diseases.

BERKELEY, June 20.—The viticultural department at the University of California is to be considerably strengthened during the coming term by the addition of Professor F. T. Bioletti, who is to assist Professor E. H. Twilight in investigations that are to be carried on in the agricultural experiment station. Professor Bioletti is an eminent authority on viticultural topics and for the past three years has been in the employ of the Government of Cape Colony, South Africa. His return to California will give a decided impetus to the investigation of vine diseases carried on by the University.

Just before the appointment of Professor Bioletti, Professor Twilight complained at the manner in which the viticultural staff of the University had been cut down to one man. The California Viticultural Club was formed about that time and its members appointed a committee to wait on the University Regents to impress them with the necessity of pushing on with the investigation of diseases that are menacing the grape interests of the State.

REPORTS HOLDUP.

Henry Carr is Robbed of His Money in San Francisco.

BERKELEY, June 20.—Henry Carr of West Berkeley declares that three men, two of them soldiers in khaki suits, and the other wearing civilian clothes, but carrying a revolver to make up for the lack of uniform, held him up in San Francisco last night on the ocean beach, near Sheehan's resort that the crime was committed, so he told the San Francisco police about an hour after the occurrence. But on his way to make a report to the police he stopped at Sheehan's and two minutes after his departure Captain Norman and Patrolman James Kavanaugh arrived there after a drive. They immediately started to search for the robbers, but failed to find any trace of them. Nobody anywhere had seen two men in khaki uniforms.

At 10 o'clock Carr came across policeman T. J. Dugan and gave the details. His loss comprised his hat, coat, vest, gold watch and \$425 in silver. It was a chilly night and Carr was suffering from the cold when he was carried by the Police station.

Carr is employed in the Vigorito Powder Works at West Berkeley. He went to San Francisco to spend a pleasant evening and after borrowing a hat and coat returned to his home seriously reflecting the advisability of refraining in the future from pleasure excursions. The hold-up men did not use violence so that there might be marks on his body, he says, but he wants his clothes and property.

Only one of the hold-up men carried a revolver, or at least displayed it, Carr declares, but it looked large enough to the victim to have been the size of a pistol. Carr was able to give descriptions of the soldiers, but not the third man.

Wreckers and divers were working during the day, some of them in the vicinity of the wreck of the Slocum. The bodies were being recovered from the wreck of the Slocum. The bodies were being recovered from the wreck of the Slocum. The bodies were being recovered from the wreck of the Slocum.

McClummonds, city Superintendent of Schools, presenting to the Board of Supervisors this morning the following resolutions adopted by the Board of Education relative to school bonds: "Resolved, That the Board of Education of Oakland school district hereby request the Board of Supervisors of the county of Alameda to amend its resolution passed May 31, 1904, authorizing the issuance and sale of Oakland school district bonds in the sum of \$600,000, and pass in lieu thereof a resolution different from the following to-wit: Instead of 10 per cent interest 2 per cent of the amount of the proposal and instead of five days notice of acceptance of proposal insert after days."

HENRY MILLER'S ONE THOUSAND.

LARGE DONATION RECEIVED BY COMMITTEE FOR Y. M. C. A. BUILDING.

Henry Miller of Miller & Lux of San Francisco, gladdened the hearts of the Citizens' Committee of the Young Men's Christian Association who are laboring vigorously to raise the \$7000 which has been guaranteed by the members of the board sending in a subscription of \$1300.

Mr. Miller was approached by two members of the Citizens' committee and asked to investigate the project and, if convinced of its value to the community, to subscribe the amount which he ultimately sent in. This generous subscription coming from a resident of San Francisco speaks louder than words and should make some of Oakland's citizens thoughtful regarding their obligation to an institution for their own city.

This amount, together with the pledges taken at the First Congregational church yesterday leaves a balance on the guarantee of \$5486. The canvass in July, to become guests for one day of citizens of Oakland, including trip in Oakland Harbor.

INTERVENTION IDEA NOT FAVORED.

ST. PETERSBURG, June 20.—3:30 p. m.—An interview with Baron Susematzu, published in Paris and suggesting that Japan is willing to accept the mediation of a power equally well disposed toward Russia and Japan, while regarded as a tentative utterance, attracts much attention coming from the Marquis Ro. It is generally interpreted as meaning that Japan is shrinking before the prospect of a long, exhausting war. Government officials do not show the slightest disposition, however, to relax their position, the sentiment being that, having been forced into the war and driven to make heavy sacrifices to stop just now, when Russia is prepared to accomplish something, is quite impossible. Diplomatic circles are interested, but the opinion is unanimously expressed that it is impossible for Russia to consent to end the war with her military prestige impaired. Besides, it is pointed out that Baron Susematzu admits that Japan has not reduced her demands. The French embassies are hardly disposed to believe that Baron Susematzu spoke by inquiry and the American embassy is disinclined to discuss the matter and to suggest that if a mediator is wanted the United States fulfills the condition prescribed by Baron Susematzu.

WANT SENATORS TO VISIT OAKLAND.

The Senatorial Committee on Commerce and Shipping will visit this State in July, expecting to arrive in San Francisco on the 15th. Their visit will be for the purpose of inspecting harbors and ascertaining what is needed in actual improvement. Their first stop will be in San Francisco, where they will report to the Senate their findings. The members of the committee are mostly in Chicago at the present time and the Oakland Board of Trade today sent the following message by wire to Governor Pardee, a member of the local Board of Trade, to hand to the Committee:

"OAKLAND, Cal., June 20, 1904.—Governor George C. Pardee, Auditorium, Chicago, Ill.: In behalf of Oakland Board of Trade, kindly invite Senatorial Committee on Commerce (Gallinger or Lodge, chairman) when in California in July, to become guests for one day of citizens of Oakland, including trip in Oakland Harbor."

"H. C. CAPWELL, President. "EDWIN STEARNS, Secretary."

VLADIVOSTOK AS A HARBOR.

NOTICE IS HEREBY given that in accordance with the provisions of Chapter 53 Statutes of 1899, all voters of Alameda County must apply for re-registration in order to be able to vote at the General Election in November, as every name on the Great Register was cancelled January 1st, 1904.

Owing to the fact that there is no provision of law providing assistance for the Clerk to register voters, **IT IS IMPORTANT THAT VOTERS SHOULD APPLY FOR REGISTRATION AT ONCE IN ORDER TO EXPEDITE THE WORK.**

Such re-registrations began on the 1st day of January and will be in progress at all times until forty days preceding the next election in November.

In order to facilitate the work of re-registration attention is called to the provisions of Section 109 which reads as follows:

Sec. 1097. No person's name must be entered by the Clerk unless:

1. Upon the production and filing of a certified copy of the judgment of the Superior Court directing such entry be made.
2. If a naturalized citizen, upon the production of his certificate of naturalization and which certificate must be issued thirty days prior to the succeeding election, or upon his affidavit that it is in and to such his possession which affidavit must state the place of his nativity at the time and place of his naturalization together with his affidavit that he has resided in the United States for five years, and in this State for one year next preceding the time of application, and that he would be an elector of the county at the next succeeding election provided, however, if such naturalized citizen shall have been previously registered as a qualified elector in any of the counties, or cities and counties of the State, his name must not be entered on the clerk unless he produces a certificate of such registration, issued by the proper authorities by law to issue such certificate, which certificate shall be prima facie evidence of his naturalization.
3. If born in a foreign country, upon his affidavit that he became a citizen of the United States by virtue of the naturalization of his father while he was residing in the United States, and under the age of twenty-one years, and that he would be an elector of the county at the next ensuing election.
4. In other cases, upon the affidavit of the party that he is or will be an elector of the county at the next succeeding election.

Further notice is hereby given that Affidavits of Registration must be sworn to before the County Clerk or his deputy, and that they can not owing to the provisions of the new Registration Law be sworn to before any other officer.

The office of the County Clerk will be, until further notice, open for registration from nine a. m. until five p. m. each day.
